Find Connections is still a work in progress. Sometimes it just doesn't work.

Other times it finds strategies but can't get schedule times for specific itineraries. If strategies are found, they are displayed.
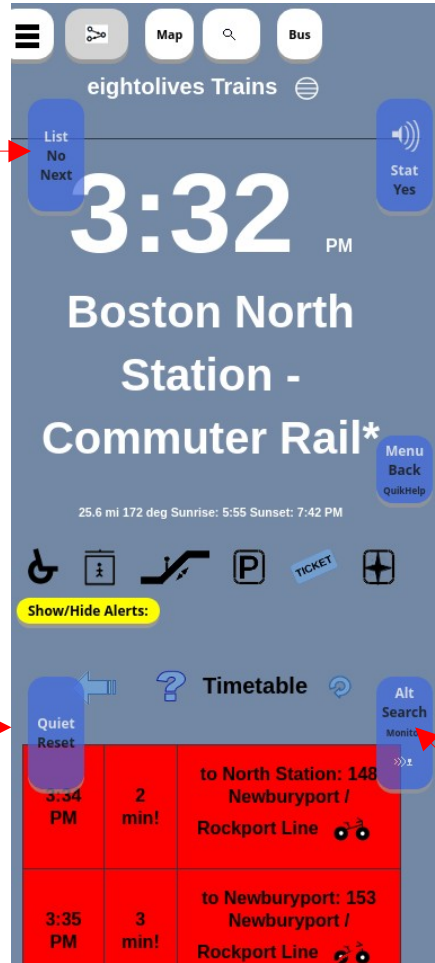

If the Connections View is shown, clicking the Left Arrow shows the Trip Strategies View. Another Left Arrow click returns to Connections View.

The Report area shows gory details of Find Connections.

FAQ

- Start the tool at https://www.eightolives.com/docs/Trains/Trains.htm

- The tool is free, but use at your own risk as operation and accuracy cannot be guaranteed.

- Prediction and schedule data is provided courtesy of the respective carriers or third-party sources.

- No personal data is saved by eightolives, however use of map and speech recognition functions may use third-party sources

- If you allow, the web-app will be stored on your platform to permit off-line operation, however some data may only be available by on-line download.

- Updates to the software occur automatically when you start the software and the platform is on-line.

- For more information or feedback, visit eightolives.com
